## EDUCATION

**Nagarjuna college of engineering and technology**

*B.Tech in Electronics and communication*

**CGPA: 8.0**

**Devanahalli, Bengaluru**

*Expected Graduation, May 2025*

## PROFILE SUMMARY

Highly motivated student with strong foundation in software engineering and a proven ability to deliver high quality, client-focused technology solutions. Seeking to contribute to company by leveraging my skills in development, design, and problem-solving to create impactful technologies that enhance client and global operations.

## PROJECTS

**Health Monitoring Application:**

**Tools: React, Rapid API, HTML, CSS, JavaScript.**

A full-featured blog application enabling users to choose exercise categories and specific muscle groups, browse more than one thousand exercises with practical examples.

**Responsibilities:**

- Developed the front-end using React, creating a responsive and intuitive user interface.
- Creating a beautiful user interface using the material UI.
- Contributed about 80% development of the project.

**Chat Application and Attendance System :**

**Tools: Java, HTML, CSS, Node.js, MySQL.**

Created a website for group chatting and marking attendance in school classrooms.

**Responsibilities:**

- Developed the front-end using HTML, CSS, ensuring a responsive design that works seamlessly across desktops, tablets, and mobile devices.
- Contributed about 75% development of the project

## INTERNSHIPS

- Technical Hub | Data Structures and Algorithms in Python.

## ACHEIVEMENTS and PARTICIPATION

- Runner Up | Bizathon2024 | Annual fest.
- Led the college development team, organizing and managing various design projects and events, enhancing the team's creative output and visibility.

## CERTIFICATIONS

- Infosys | Data Structures in Java.
- Microsoft | Artificial Intelligence. □ Technical Hub | Python.

## SKILLS

**Programming:** Java, HTML/CSS, JavaScript, React.js.

**Tools:** Git, VS code, IntelliJ, Eclipse.
